

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

INTRODUCTORY.

THE Quinquennial Statistics increase the size of this YEAR-BOOK, and have added to the delay of its issue. New York offset her late report, in 1889, by being the first State reporting two hundred churches in 1890. The last reports received this year came from North Dakota, Wisconsin, Minnesota, and Georgia. If these States will improve upon their record in 1891 as much as New York has done in 1890, and if all others will better their record a little, the YEAR-BOOK for 1891 can be issued June 1. This is perfectly feasible, with an honest effort on all hands, and there are many reasons why all concerned should join in that effort. To accomplish this, all reports must be in the editor's hands in March, and as many of them in February as possible. The more the work of the YEAR-BOOK can be done early, and the less is left to be crowded into the rush of the last weeks, the more care can be given it, and the fewer the last weeks will need to be. Secretaries and reporters who say that they can take more time for their work, and still be ready in advance of others, do, in fact, less than they might to secure prompt issue of the YEAR-BOOK.

The same is true of the churches, and the YEAR-BOOK can be issued early when, and only when, the churches will make prompt reports. Every church which does not send its report forward Jan. 1, contributes its influence to hinder the YEAR-BOOK's completion. A public sentiment which will demand and secure an early and complete report from each church, would do more than anything else to produce a YEAR-BOOK in April. It is within bounds to say that the labor and expense of compiling the statistical tables are doubled by the tardiness and incompleteness of the returns from a small fraction of the churches.

But, some say, we cannot report Jan. 1; our annual meeting has not been held, and reports are not made out. If the reply is sufficient, it is just as good for churches whose annual meeting is in April, July, or October; and a uniform date for statistics is a hopeless dream. In fact, so far as there is reason in this reply, it involves a summons from the whole fraternity of the churches to these dilatory churches, to change the date of the annual meeting to December. Then the items of the annual report could be made a part of the business of the meeting to hear and complete them, and when Jan. 1 came, the clerk's business would be simply to send his statement to the secretary of Conference. It is due to the general good that the churches should have, and should express, their interest in these annual statements, if not by hearing them, at least in knowing that they are made when due. If the minister or the clerk is the only person in the church who knows or cares anything about the matter, and that chiefly because he has received a summons from the Conference to furnish the report, he will be very likely to take his time and wait for a "convenient season." But, if he is made answerable at home as well as abroad, as he properly should be; if he finds that the church, through some of its faithful members, is watching him, he will scarcely neglect so simple and easy a duty.

An incomplete report is not much better than a tardy one. It involves, if the secretary is faithful, questions, correspondence, and delay and changes in tables and summaries which are a weariness. If the churches were named here whose reports were not received till March, and when received involved a delay of weeks for correction and completion, some of the members of them would be astonished to find that *they* were in such company.

There is another side to the matter, however, which should not be forgotten. The

diligence and promptness of faithful clerks and reporters, all over the land call for hearty recognition. For the excellence and the gradual improvement of our statistics, we owe a great debt to such earnest laborers. Some of the States have secretaries worthy of all honor for the admirable work which they do; and they would say just as much of many of their assistants. May their example inspire others to do likewise.

THE National Council in 1877 recommended that certain statistics be collected in 1880, and once in five years thereafter. The provision made for the cost of the YEAR-BOOK in 1880 did not warrant the increased expense which this would involve, and this collection was omitted. In 1885 these questions were added to the regular schedule. The summary of the results may be found in the YEAR-BOOK of 1886, pages 220-2. The cost of printing the returns in detail was still too great for the YEAR-BOOK to assume, and the summary only was given, leaving the various States to print the items in their *Minutes*. This year the Publishing Committee judged that the time had come for publication of these statistics in full, and they may be found following the usual tables at page 360.

The questions were as follows:—

- (1.) Value of house of worship and chapel and land on which they stand.
- (2.) Year of erection of house of worship.
- (3.) Value of parsonage owned by the society.
- (4.) Amount of invested funds, not including parsonage, owned by the society.
- (5.) Amount of indebtedness.
- (6.) Salary of minister, including the rental value of the parsonage owned by the society.

The replies have been made with a fulness which gives them greater value. In 1885, of 4,170 churches, only 2,515 answered the first question. This year, of 4,689 churches, 3,765 answer the same question, and others in proportion. In 1885, 23 States made no returns; this year 3 only are wanting. The final question of 1885, parish expenses, including salary, was this year omitted, as being exact repetition of the regular question of "Home Expenditures."

THE omission will be noticed of the list of ministers without pastoral charge. This omission is by the vote of the Council. It saves a week of time and considerable expense to the YEAR-BOOK; and many ministers prefer the new, or rather, restored, arrangement, not liking to be made conspicuous by separate enrolment in such a list. The same fact is indicated in the general alphabetical list by the insertion of the year of ordination in such cases, instead of the numeral page reference.

THE INTERNATIONAL COUNCIL.

At the meeting of the National Council in Worcester, October, 1889, overtures were received from the Congregational Union of England and Wales, for an International Congregational Council, to be held in London. The proposition for such a meeting originated with the *Australian Union*, at its Centennial Jubilee Meeting in 1888. The object of the assembly, as stated in the letter from England, is "to deliberate on the grave questions affecting the faith and the church of Christ, which at present are in debate throughout Christendom, and to confer on matters which especially concern the Congregational churches."

The Council adopted unanimously resolutions favoring the proposition. It also appointed, as delegates, the Provisional Committee and twenty-five other persons, authorizing this delegation to fill vacancies and add to their number, as the basis of representation, to be fixed upon, might call for. They were also empowered to "choose from their number a committee of eleven, authorized to take part with the representatives of other bodies, in all the preliminary arrangements for said Council." It was also suggested that each State or general body connected with the National Council appoint one delegate. The names of the delegates appointed may be found in the *Minutes* of the National Council, at page 49; and most of the States have already named a delegate.

The committee of eleven charged with the duty, on our part, of preliminary arrangements, was duly appointed, and consists of Samuel B. Capen, Rev. Henry M. Dexter, Rev. Samuel B. Forbes, Rev. David Gregg, Rev. Henry A. Hazen, Rev. Arthur Little, Rev. William H. Moore, Rev. Alonzo H. Quint, Nathaniel Shipman, Rev. Edwin B. Webb, and G. Henry Whitcomb.

This committee has held several meetings, and is in correspondence with the English committee on the matters of topics, speakers, and other preliminaries. The meeting is to be held in London, in July, 1891. The Rev. R. W. Dale, of Birmingham, has been invited to preside; and Rev. R. S. Storrs, of Brooklyn, to preach the opening sermon. It is proposed that England and the United States send each one hundred delegates, and all other countries one hundred more. The occasion cannot fail to be of great interest and importance to our churches.

NOTE. — The limitations of the tables do not in all cases admit exactness. In the table of theological education, students who did not graduate are counted, and without distinction from graduates; but a name occurring in more than one seminary list is not repeated; and in the college lists, a few students who were not alumni are counted with the graduates.

The editor renews his earnest request to friends and to the secretaries of the State bodies for prompt information of the death of Congregational ministers, and for full and exact information on the model of the sketches above given. Obituary and eulogy beyond, it is impossible to use here.

OBITUARY NOTICES OF CONGREGATIONAL MINISTERS

WHO DIED 1854-89.

INDEX OF NAMES.

PREPARED BY HENRY A. HAZEN.

This Index includes all names of deceased Congregational ministers found in (1) the series of Vital Statistics begun in the *Congregational Quarterly*, 1876, and continued in the YEAR-BOOK to the present time; (2) the Biographical Sketches and Necrology of the *Congregational Quarterly*, 1850-78; and (3) the Biographical Notices of the earlier YEAR-BOOKS, 1854-9.

The whole number of names recorded is 1660. It is believed that students of our history, in increasing number, will find the convenience and value of such an index sufficient to justify the committee in directing its issue with this YEAR-BOOK. The year named is that of the YEAR-BOOK or *Quarterly* in which the notice occurs. A very few names are found twice.

AMERICAN COLLEGE AND EDUCATION SOCIETY.

FORMED by the union, in 1874, of the "American Education Society," and the "Society for the Promotion of Collegiate and Theological Education." The American Education Society was organized and received its charter from Massachusetts in the year 1816. The College Society, as the other organization was popularly called, was formed in 1843. It was for years a voluntary association without a charter. In 1872 it received a charter also from the State of Massachusetts. These two organizations were brought together under a new charter from the same State in May, 1874.

OFFICERS, 1886-7. (Office, No. 10 Congregational House, Boston, Mass.)

President. — HON. NATHANIEL SHIPMAN, of Hartford, Ct.

Vice-President. — SAMUEL HOLMES, New York City.

Secretary. — REV. JOHN A. HAMILTON, Boston.

College Field Secretary. — REV. J. L. MAILLE.

West Secretary. — REV. THEO. Y. GARDNER.

Treasurer. — JAMES M. GORDON, Boston.

Assistant Treasurer. — REV. A. H. CLAPP, D. D., Bible House, New York.

Income for the year ending April 30, 1890, \$101,425.45. Of the whole income, \$58,336.43 was contributed for colleges and paid to them. The sum of \$27,893.75 was paid to students fitting for the ministry. The expenses were \$7,553.10, leaving a balance of credit, \$8,883.68.

In both departments the Society has had a large agency in the formation of society throughout the great West. The men who were pioneers in the work of preaching the gospel in the new settlements, and in the founding of churches and schools, were largely educated by this Society. The colleges, which are now among the foremost in these Western fields, were largely built up by the same agency.

The whole number of young men assisted by the Society in their studies for the ministry since 1816 is 7,709. The institutions at the West which have been assisted by the Society since 1843 are the following, viz.: Western Reserve, Illinois, Wabash, and Marietta Colleges, and Lane Theological Seminary. These five are the institutions which the Society took under its care at the beginning, in 1843. Those which have since been received on the list are Knox, Beloit, Thayer, Wittenburg, Oberlin, and Berea Colleges, the College of California, Pacific University, Olivet, Ripon, Iowa, Carleton, Doane, Drury, Washburn, and Colorado Colleges, Pacific Theological Seminary, and Yankton College.

Those at present on the Society's list are Colorado, Doane, Pacific University, Rollins, Whitman, and Yankton.

The number of young men receiving assistance from the Society during the last financial year is 364.

At the time when the Education Society began its work of helping young men into the Christian ministry, in the year 1816, the condition of things in this country was very peculiar. The great movement of emigration toward the West was setting in with strength. The American Board had been organized a few years before, and the cause of foreign missions was taking strong hold upon the churches. But "the laborers were few." Ever since the close of the Revolutionary War, the churches had been in a confused and preoccupied state, and the number of men coming forward for the work of the ministry was alarmingly small. It was in such a state of things that this Society began its enterprise. Through the aid thus afforded, and through the impulses thus imparted, a host of living preachers was raised up to go with the moving colonies out into the fields of the West, or to go far hence to the Gentiles, to proclaim the Gospel of salvation through Jesus Christ. A work of inestimable importance for the Christianizing and civilizing of our own land was accomplished by this instrumentality. The ministers raised up by this Society became to a large extent the pioneers in the way of founding churches, schools, colleges, throughout all these Western fields, while in foreign lands half the missionaries laboring under the care of the American Board had been brought forward in the same way.

In the interests of Western college aid the Society, last year, created the office of College Field Secretary, and called to the same Rev. J. L. Maille, Superintendent of Home Missions in Nebraska. The purpose is to largely dispense with the canvassing of college agents by bringing the churches into line with this work. Pastors are giving their hearty co-operation, thereby assuring success.

THE AMERICAN CONGREGATIONAL ASSOCIATION.

Organized, 1853. Chartered, 1854.

Headquarters, Library, Congregational House, Boston.

OFFICERS.

President. — Hon. RUFUS S. FROST, Chelsea.*Corresponding and Recording Secretary.* — Rev. MORTON DEXTER.*Treasurer.* — C. C. BURR, Anburndale.*Librarian.* — Rev. WM. H. COBB, Newton Centre.*Assistant Librarians.* — Mrs MARY E. STONE, Chelsea; Miss EMMA E. WHITE, Wellesley.

HENRY WHITCOMB; with the Secretary and the Treasurer.

OBJECTS.

To preserve, improve, and promote the best use of the Congregational Library; to care for the Congregational House, and remove the incumbrances upon it; to further the general interests of Congregationalism.

FINANCES.

The Association owns the Congregational House, Boston. This was bought in 1871 for about \$300,000; the expense of refitting was about \$125,000 more. Present debt, \$178,500, on which four per cent interest is paid. The income from rents meets current expenses, and at present is slowly reducing the debt. If the debt can be speedily cancelled, there is a good prospect of replacing the present structure by a new Congregational House.

THE LIBRARY.

This numbers 28,252 volumes, 54,222 pamphlets, and 32,294 unbound numbers of periodicals, besides an immense number of duplicates. The reading table contains the leading British and American reviews and religious magazines, with many valuable secular periodicals. The building is a fire-proof structure, entirely separable from the rest of the house, and admirably adapted to its purpose. The collection is already of inestimable worth, especially in all matters pertaining to the fathers of New England. The books most needed here are eagerly sought for by other collectors. Although our Library is by far the best in America in its specialities, and also rich in the "books out of which other books are made," it has many and great deficiencies, which can only be made up by money, liberally provided and carefully expended. Everything pertaining to the religious history and literature of New England meets the most prominent object of the Library. Some of its special departments are church manuals, election sermons, biographies, genealogies, and town histories. Friends who have books or pamphlets likely to be useful here are invited to correspond with the Librarian. The point which most needs strengthening is the department of Early Congregational Literature (before 1650). Donations for this special purpose will be most gratefully received. A long list of such works, including many by the early Brownists, is ready for us on the shelves of English booksellers, provided the requisite funds for their purchase can be obtained.

Let every pastor stir up the liberally-minded in his parish, showing them the value of this investment. Let every Congregationalist who has published anything see that the Library has his works in full. Let gifts pour in according to our several ability; not only into the general treasury, but also specifically for the Library. If every one who reads these words will immediately do what he can, this will be a prosperous year for the cause we all have at heart.

WM. H. COBB, *Librarian.*

Members. — Of these there are two classes: Honorary and Life Members. Honorary Members are made by the payment of one hundred dollars to the treasury of the Union. Life Members are made by the payment of fifty dollars to the Treasury. Any person approving the objects of the Union can, in this way, become a voting member. Any church can make as many voting members as it wishes, by sending the names, accompanied with fifty dollars each. Of these, there are about two thousand scattered over some twenty States and Territories.

Work Done. — On the first day of April, 1890, the Union had aided in building 1,952 houses of worship, and 240 parsonages.

Work Not Done. — Some 530 houseless Congregational churches and something more than 3,000 that have no home for the pastor would be spurred to build soon could the Union hold out encouragement that aid could be expected.

Growth of the Work. — During 1889, the Union aided in building 100 houses of worship, and 49 parsonages. During the first three months of 1890, the Union has paid pledges to 44 churches on houses of worship, and to 17 on parsonages. This rate of increase continued would do little more than keep up with the annual growth in church organization, still leaving more than 500 churches houseless, and six times that number of pastors homeless, and would easily demand the doubling of the present rates of annual receipts. Did the necessary funds allow the organization of new work at the front, absolutely demanded by the formation of new centres of population, the Union, by no possibility, could meet the demands that would be made with a dollar less than the \$400,000 recommended by the National Council at Worcester.

Publications. — These are THE CHURCH BUILDING QUARTERLY, at thirty cents a year; leaflets, envelopes; circulars for information, etc.

Legacies. — These should be made payable to "THE AMERICAN CONGREGATIONAL UNION, a corporation duly organized and existing by and under the laws of the State of New York." Wherever it is possible, the most satisfactory method of making a will is to send the proposed sums to the Treasurers of the societies to be remembered, while the testator is still living. It is a source of boundless satisfaction to donors to see what is accomplished with their gifts.

The HOME MISSIONARY, a monthly magazine, published by the Society, at sixty cents a year, including postage, gives a running account of the progress of the work in all parts of the country, largely from the pen of the superintendents and missionaries personally engaged in it. The monthly issue is 28,500 copies. An ANNUAL REPORT sums up the results of the year. Leaflets and Tracts for the times are published as occasion calls, designed to help pastors, Sunday-school officers, and friends of home missions generally, in awakening and keeping alive an intelligent, practical, growing interest in the work. These may be had, free of charge, at any time, by addressing the officers of the Society at the Bible House.

For more than sixty-three years the Society has been organizing churches in the West and South, and aiding in the support of their ministers till these churches are able to assume the whole expense. Its missionaries have from the first organized Sunday schools, provided proper teachers for them, and by watchful oversight have secured their permanence and highest usefulness.

In connection with the labor of its missionaries, 5,225 churches have been organized and 2,551 have come to self-support. It has collected and disbursed in cash, \$12,677,673.07; and in clothing, books, and other supplies, largely the offerings of Christian women, \$1,793,884; in all, \$14,471,557.07. The additions to the churches have been 366,311.

In 1883, a Woman's Department was opened. Its object is to interest the women of our churches all over the country, and through them the children, more directly in the work; not to the diminishing of their helpful labor in the way of home-missionary boxes (of clothing, etc.), but to secure also their gifts of money for the support of teachers in the Indian Territory and elsewhere, and for various special uses, as called for from time to time. Their aid in this line is steadily growing, but much more is needed. The Woman's Home Missionary Association, having its office in Boston, an auxiliary of this Society, is the channel of the Home Missionary offerings of the women of Massachusetts and Rhode Island.

The number of missionaries employed in its sixty-third year (1888-9) was 1,723, nearly 1,300 of them in States and Territories west and south of New York. They preached regularly in 3,155 stations, and at frequent intervals in many hundreds more. The number of Sunday-school and Bible-class scholars was 134,400. The additions to the churches were 10,326; 6,458 of them on confession of Christ. Churches organized, 144; reached self-support, 63.

The sixty-third year's receipts were in cash, \$542,251.00; in supplies, \$66,522.00; in all, \$608,773.00.

At least \$650,000 in cash is needed this year properly to sustain the missionaries now in the field. To take up only such new work as the providence and Spirit of God manifestly call upon the Society to assume at once, \$100,000 more is imperatively required. The Society is doing much more work than ever before among the foreign-born in all parts of the country. At nearly every meeting of the Executive Committee chosen men are sent to new fields at the front, where they are most needed, but where their support involves heavy outlay by the Society. For securing the means essential to the carrying on of this great work the Society depends, under God, on the zealous co-operation of the pastors and members of the Congregational churches of the land.

Cash or supplies can be sent to the Treasurer or District Secretaries. Current expenditures require for this year, \$500,000: \$41,000 per month, or over \$1,300 per day.

The Woman's Home Missionary Association, whose office is in Boston, have given very liberal support to the work of the Commission, from the early days of the movement. They now support eight teachers — six in Utah and two in New Mexico.

The Woman's Home Missionary Unions of Connecticut, Vermont, New York, Ohio, Michigan, Illinois, Wisconsin, Minnesota, Iowa, Kansas, Dakota, and Missouri are auxiliary to the Commission, and render much valuable and most welcome aid.

The two offices of the Commission are in the charge of competent clerks, under the supervision of the Secretary. Correspondence may be addressed to New West Education Commission at either office. Letters intended for the Secretary alone should be marked "Personal."

The work of the New West Commission as a whole, comprising its permanent academies and its common schools, its Sabbath schools, and Christian Endeavor societies, its religious services and pastoral work, is much wider in its reach, more extended and powerful in its influence, and far grander in its opportunities and its promise than the churches that sustain it, or than even the Directors of the Commission, suppose.

THE THEOLOGICAL SEMINARIES.

BANGOR THEOLOGICAL SEMINARY, BANGOR, ME.

Opened October, 1816.

FACULTY.

LEVI L. PAINE, D. D., *Waldo Professor of Ecclesiastical History.*

JOHN S. SEWALL, D. D., *Fogg Professor of Sacred Rhetoric and Oratory, and Lecturer on Pastoral Theology.*

LEWIS F. STEARNS, D. D., *Buck Professor of Christian Theology and Lecturer on Church Polity.*

CHARLES J. H. ROPES, *Hayes Professor of New Testament Language and Literature.*

FRANCIS B. DENIO, *Professor of Old Testament Language and Literature.*

Occasional courses of lectures on practical subjects connected with the ministry, ministerial work and experience are given by pastors and others.

TERMS OF ADMISSION.—Bangor Seminary is open to all denominations of Christians. Candidates for admission must produce testimony of their church membership and of their collegiate education. If they have not pursued a college course, they will be examined, and must exhibit mental training and attainments sufficient, in the judgment of the Faculty, to warrant their entering upon a course of theological study. Those whose age or circumstances forbid the pursuit of the complete course of study may, at the discretion of the Faculty, be admitted to the studies of the Middle year, and continue their course with the full privileges of the Seminary.

COURSE OF STUDY.—*Junior Year*, Hebrew Grammar, Principles of Interpretation, Exegesis of the Greek and Hebrew Scriptures; Lectures on Old Testament Theology, and on New Testament Theology; New Testament Greek; Introductory Philosophy, with text-books and lectures; Essays, and Lectures on Style and English Literature.

Middle Year, Systematic Theology; Ancient Church History; Exegetical studies continued; New Testament Greek continued; Vocal Culture and Oratory.

Senior Year, Mediæval and Modern Church History; Homiletics; Pastoral Theology and Church Polity; Exegetical studies continued; New Testament Greek continued.

SPECIAL INSTRUCTION IN NEW TESTAMENT GREEK.—Attention is specially called to the provision for instruction in New Testament Greek. The demands of the churches for pastors have been greater than could be supplied with men of collegiate education. The Seminary has therefore admitted students who are well qualified in other respects, but have no classical training. These are usually persons who by reason of age or other circumstances are unable to delay longer their theological studies, and cannot wisely be counselled to seek further preparation in some classical institution. With reference to the needs of this class, special instruction in New Testament Greek has been provided.

PREACHING—As it is believed to be conducive to the best professional training to combine practice with theory, and as special facilities are afforded in the comparatively destitute missionary fields in the immediate neighborhood of the Seminary, students are allowed to exercise their gifts in holding meetings and in preaching as opportunities may offer, under the express approbation of the Faculty, it being provided that the prescribed exercises of the Seminary are not neglected. This privilege is enlarged after licensure at the close of the Middle Year.

POST-GRADUATE SCHOLARSHIPS.—Two scholarships have been recently established for graduates of this Seminary. One is in Bowdoin College and is for the purpose of aiding any student who, after graduating in the Seminary, desires to take a post-graduate year in the College. The other is for the benefit of any student who wishes to take a fourth year of study in the Seminary.

EXPENSES.—There is no charge for tuition, rooms, furniture, library, or any privilege of the Seminary. The dormitory has been thoroughly repaired and refitted. The rooms are carpeted and furnished. The income of the Washburn fund and some other funds, given expressly to aid members of the Seminary, will be distributed to those who need.

LIBRARY.—The Seminary has an excellent library, numbering sixteen thousand volumes, specially selected to meet the wants of the students. There is a permanent library fund, with the income of which constant additions are made of the latest and most valuable literature.

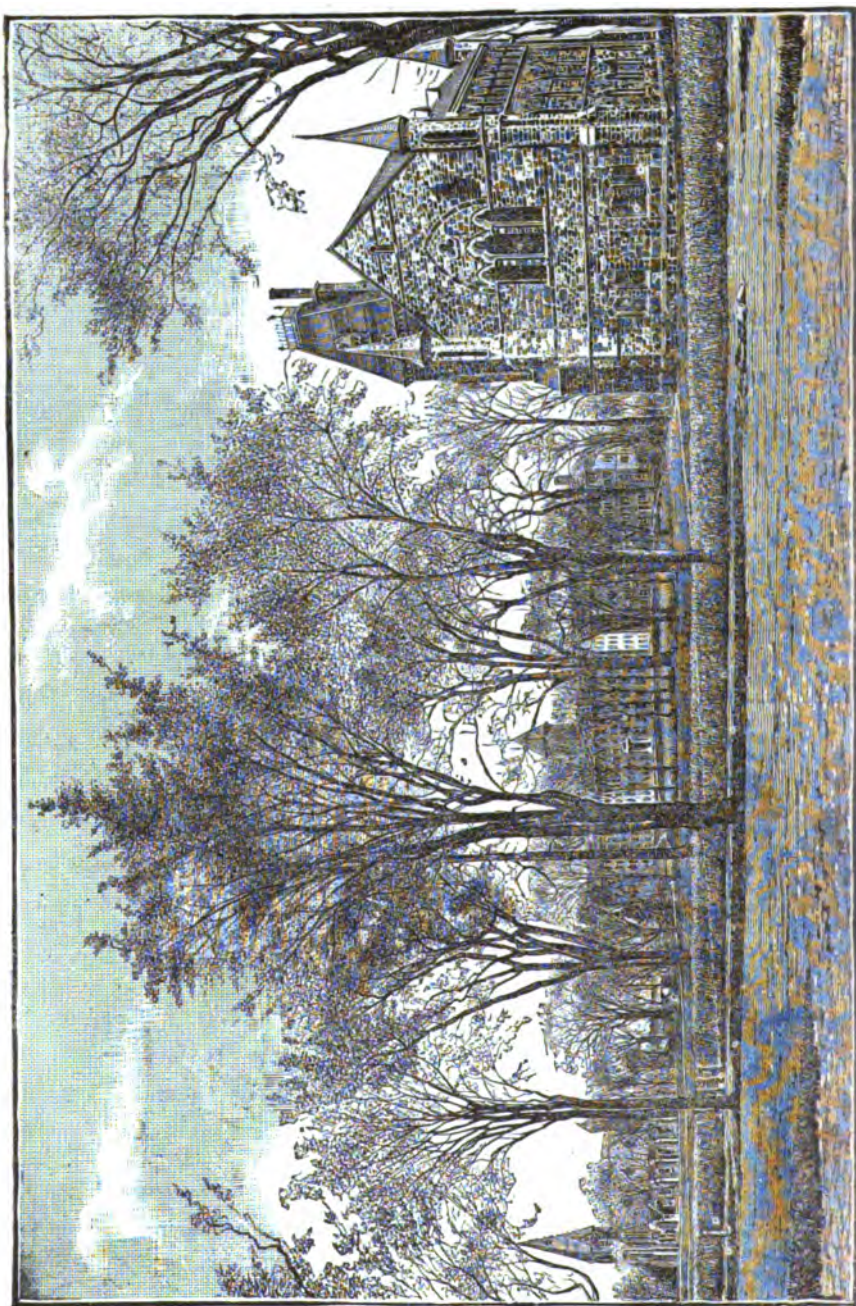

The next seminary year will open on Thursday, Sept. 11, 1890.

The next anniversary will occur on Wednesday, June 3, 1891.

Special facilities are afforded for private reading and research. Ten scholarships (\$200 each) are available for members of this class.

LIBRARY AND MUSEUM.—The Library now numbers more than 47,000 volumes, is constantly increased, and is open every week-day for the examination and drawing of books. A full reference library has been opened on the ground floor of Brechin Hall. The Museum comprises objects relating to missionary life and work, a monumental slab from Nimroud, a relief model of Jerusalem, and a collection, recently greatly increased, of Palestinian flowers, birds, animals, reptiles, insects, domestic utensils, weapons, coins, rolls, inscriptions, etc., constituting a remarkably large and rich biblical museum in which may be seen a multitude of objects referred to in the Bible.

A well-furnished Gymnasium is open to the use of the students.

LOCATION.—The Seminary was located with a view to the advantages of uninterrupted study. These advantages have been retained, and are accounted of increasing value. At the same time, through the rise and growth of cities in the immediate vicinity, the students of the Seminary have special opportunities for studying the various conditions of church work, and the different methods of preaching. Andover is within four miles of Lawrence, ten of Lowell and Haverhill, fifteen of Salem, and twenty of Cambridge and Boston. The situation is remarkably healthful.

For information respecting Conditions of Membership, Optional Work, Honorary Scholarships, Pastoral Scholarships for Evangelistic work in Boston and for the investigation of special subjects in Reformatory work, the Winkley and Seminary Fellowships (\$600 each), Expenses and Pecuniary aid, see Catalogue, which may be obtained by application to the President of the Faculty.

TERMS AND VACATIONS.—The next term will begin Wednesday, Sept. 10, 1890, and continue till the fourth Wednesday in April, when there will be a vacation of four months, for private study and remunerative Christian work.

SITUATION.—The Seminary Buildings front Union Park. The location is quiet, but the centre of the city may be reached in fifteen minutes.

COURSE OF STUDY.—The Juniors have four exercises a week in Hebrew, four in Greek, and one each in Theology, History, Homiletics, and Elocution. The Middlers have five exercises a week in Theology, two each in History, Hebrew, and Greek, and one each in Homiletics, and Elocution. The Seniors have three exercises a week in Homiletics, two each in Hebrew and Greek, three in History, one in Theology, and one in Pastoral Theology, besides private exercises in Homiletics and Elocution. The "Special Course" includes the full course in all the years, except Hebrew and Greek, and has the following supplementary studies, which are limited to the first year: Rhetoric, Logic, Moral Philosophy, and daily exercises in English Composition and Bible Exposition.

THE GERMAN AND THE SCANDINAVIAN DEPARTMENTS.—Students in these departments take the regular or special course in the English language, according to their grade of preparation, that they may be able to preach also in English. They are, however, excused from some English studies, principally of a homiletical or practical kind, in place of which they attend such exercises in their own native languages as are best adapted to prepare them to minister to our German or Scandinavian fellow-citizens.

Both of the latter are furnished with the best helps for students, and are open daily. The students have easy access, also, to the public libraries of Chicago, some of which are among the best endowed in the country.

EXPENSES.—No charges are made for instruction, or for the use of Hammond Library. Furnished rooms are assigned to new students, by the treasurer, in the order of application. The following charges are made for the occupancy of rooms in the Seminary buildings: incidentals and care of students' rooms, \$15 a year; fuel and light, \$15 a year. Good board can be had in private families in the neighborhood of the Seminary for \$2.50 or \$3.00 a week.

PECUNIARY AID.—From the American Education Society, supplemented by the Western Education Society and the Scholarship funds of the Seminary, a total of \$150 a year for students in the regular course, and \$120 for Middlers and Seniors in the special course, who cannot provide the means to pay their own expenses without undue delay in their studies, and who give promise of usefulness in the ministry. Owing to the large increase in the number of students, aid cannot be afforded to needy students in the special and Foreign Departments of the first year beyond \$60. This sum is given only in the second half of the year to those who pass creditably the Holiday examination. Students also enjoy opportunities for earning money by teaching, mission work, and preaching.

Application for admission or for catalogues may be made to Prof. H. M. Scott, Secretary of the Faculty, 520 West Adams St., or to Mr. H. W. Chester, Treasurer, 81 Ashland Boulevard, Chicago, Ill.

THE SEMINARY is managed by a Board of Trustees, annually elected by The Pastoral Union, a large and increasing body of active ministers. The members of the Union, the Trustees and the Faculty give assent to the creed of the Union as in accord with the doctrinal belief of historic Congregationalism.

The Bible holds a central position in the system of the institution, requiring from both instructors and students the ablest and devoutest treatment. The course of study aims (1) to establish sound methods of investigating the Scriptures, (2) to train the power of formulating Scriptural truth, and (3) to indicate the way of applying that truth both to the facts of history and experience and to all problems of the present and the future. The Bible is minutely studied in its original languages; systems of faith and morals are inductively built up out of Biblical materials; every kind of practical question regarding individual and social life is studied in the light of Biblical revelation.

Hence the Seminary steadfastly presents God's thought and God's will as the supreme objects of all science and the supreme guides of all conduct. It is thus forced to oppose all rationalistic and secularizing tendencies. Not only does it uphold "Theology, the queen of sciences," but its chief purpose as an educational agency is the formation under God of personal religious character, devout and devoted, as the only basis for scholarship, conduct, and power.

The method of instruction is partly through text-books, partly by lectures, and partly through original investigation on the part of the student. Emphasis is laid throughout upon a close personal relation between instructor and pupil. The course of instruction is unusually unified, continuous, and thorough. The apparatus includes ample buildings, a library of 45,000 volumes and over 20,000 pamphlets, reading-room, gymnasium, etc. The habit of original investigation is diligently cultivated. Methods believed to be peculiarly effective are used in Hebrew and Greek, in history, in dogmatic theology, and in pastoral theology. In the latter field not only is instruction given in theory, but extensive practical work is expected in preaching, in the methods of all varieties of evangelistic and charitable effort, and in personal Christian work among all classes of men. Systematic instruction is provided in music and elocution. In view of the increasing value to students of theology of a knowledge of German, competent instruction in that language is provided.

Special and advanced courses are provided for those who desire them.

As incentives to scholarship, four prizes, two fellowships for foreign study, and suitable degrees (granted only on special examination) are offered.

TERMS OF ADMISSION.—Candidates for admission must be members of some Christian church, and graduates of some college (or at least of sufficient literary acquisition to undertake the regular course). Those who are not college graduates may be admitted on probation during the first semester.

All courses are open to women on the same terms as to men.

EXPENSES.—No charge is made for tuition, rooms, furniture, and bedding, or use of the library and apparatus, except a nominal fee of \$20 for use of steam and for supervision. Board is provided at the Seminary under the care of the Students' Association at \$3.50 per week.

Scholarship aid is provided for those needing it to the amount of \$60 to \$100 per year, in addition to the grant of \$75 from the Education Society. Various opportunities for remunerative work are open to those who desire it.

CALENDAR.—The fifty-seventh year begins on Sept. 18, 1890, and closes on May 14, 1891, with recesses at Thanksgiving, Christmas, and Easter. For convenience the various courses are arranged in two semesters, the second of which begins on Jan. 19, 1891. Examinations are held at the close of both semesters.

For the annual Register, which gives full details of the course of study and of the entire Seminary organization, address either the PRESIDENT or the REGISTRAR.

DEPARTMENT OF THEOLOGY IN OBERLIN COLLEGE,

OBERLIN, OHIO.

Opened for service in 1835.

FACULTY.

Rev. JAMES H. FAIRCHILD, Finney Professor of Theology and Moral Philosophy.
 Rev. WILLIAM G. BALLANTINE, Professor of Old Testament Language and Literature.
 Rev. G. FREDERICK WRIGHT, Professor of New Testament Language and Literature.
 Rev. ALBERT H. CURRIER, Holbrook Professor of Sacred Rhetoric and Pastoral Theology.
 Rev. FRANK H. FOSTER, Professor of Church History.
 Rev. WILLIAM B. CHAMBERLAIN, Instructor in Elocution.
 Rev. JOHN LEADINGHAM, Principal and Professor of Theology in the Slavic Department.
 Rev. EDWARD I. BOSWORTH, Professor of the English Bible.
 LOUIS F. MISKOVSKY, B. S., Instructor in the Slavic Languages.
 Rev. A. HASTINGS ROSS, Special Lecturer on Church Polity.
 Rev. JAMES DOUGLAS, Douglas Lecturer on the Relations of Science and Religion, and on Comparative Religion.

The Department of Theology is open for the admission of students of every denomination. Students of this department are permitted to attend lectures and classes in the other departments, so far as they may have time, without extra charge. Upon those who complete the three years' Classical Course, the Academic Degree of Bachelor of Divinity (B. D.) is conferred.

CLASSICAL COURSE. — This has recently been greatly enlarged and rearranged upon the elective system. Candidates for a degree are required to have completed work amounting to 1,138 hours of lectures and recitations (besides rhetorical work). Of this work, 628 hours are required, including courses in Exegesis of the Greek New Testament, Natural and Revealed Theology, Church History, Homiletics, Relations of Science and Religion, and the Forms of Modern Scepticism.

In addition, 1,250 hours of elective work are offered, of which the student must elect at least 510 hours. The elective courses include Hebrew and Old Testament Exegesis, Old Testament Introduction and Theology, Aramaic, Septuagint Greek, New Testament Exegesis, Church History, History of Doctrine, Church Polity, Homiletics, and Pastoral Theology.

ENGLISH COURSE. — This is to prepare mature men for the ministry in two years. It includes preparatory studies in Rhetoric and Philosophy, 340 hours Exegesis of the English Bible, Special Lectures, and the full course of Systematic and Practical Theology.

SLAVIC DEPARTMENT. — The object of this department is to train up pastors for the Slavic immigrants now in this country. It is in charge of a principal, an American, and a Bohemian-American instructor. The course of study occupies three years, and, in English, includes instruction in the Old and New Testaments, Mental and Moral Philosophy, Church History, and Theology. In Bohemian, the students are drilled in the preparation and delivery of such various addresses as may be required of them in their after work.

LIBRARY. — The Library of the College contains over twenty thousand volumes.

COUNCIL HALL, the building devoted exclusively to the Department of Theology, provides fully furnished rooms for fifty students. No expense is incurred for instruction, or for the use of the library. The price of board is from \$2.00 to \$2.50 per week, or from \$68 to \$85 for the thirty-four weeks of the theological year. Fuel and lights will not cost more than \$15. Add the charge of \$5.00 per term for the care of the building, and the entire necessary expenses of the year — not including clothing, travelling expenses, and books — need not exceed \$100.

Help is granted from scholarship funds contributed by friends of the Seminary and from the American Education Society. The amount ordinarily received from both these sources is \$150.

The opportunities for students to aid in meeting their expenses are sufficiently numerous. Some are employed as teachers in the Preparatory School connected with the College, and the amount received for teaching an hour each day exceeds the cost of board. Many vacant pulpits in the vicinity are supplied by theological students, and compensation is rendered. During the summer vacation of fifteen weeks, all may supply vacant pulpits in home-missionary and other fields; and such opportunities are abundant.

The year of study consists of thirty-four weeks in three terms. The next year begins Tuesday, Sept. 16, 1890.

PACIFIC THEOLOGICAL SEMINARY, OAKLAND, CAL.

Opened for service June, 1889.

FACULTY.

JOSEPH A. BENTON, D. D., Professor of Sacred Literature and (*pro tem.*) of Philosophy.
ISRAEL E. DWINELL, D. D.,* Professor of Homiletics and Pastoral Theology, and (*pro tem.*) of New Testament Greek.

GEORGE MOORE, D. D., Professor of Systematic Theology, and (*pro tem.*) of Ecclesiastical History.

Lectures are given frequently by leading pastors of the State.

REGULAR STUDIES. — *First Year.* Greek; Hebrew; Sacred Geography and Antiquities. Origin, History, Authority, Inspiration and Canon of the Bible; Interpretation of the Scriptures; Religions of the World, other than the Christian; Natural Science; Mental and Moral Science; Rhetorical Exercises.

Second Year. — Biblical Theology; Greek; Hebrew; Exercises in the Exposition of the Scriptures; Systematic Theology; History of Doctrines; Rhetorical Exercises continued.

Third Year. — Pastoral Theology; Church History; Church Polity; Homiletics; Rhetorical Exercises continued; Connection of Natural Science with Religion. [An Exercise in Hebrew and Greek Exegesis twice each week during the second and third years.]

SPECIAL STUDIES. — In special cases, particular and modified courses of instruction will be given to those who cannot remain three years, or who, for other reasons, cannot take the full course of three years; and these courses of instruction will be adapted to the necessities of each person, it being understood that every one of this class will continue his studies as long as practicable.

PREPARATORY STUDIES. — Young men who have not had the advantage of a collegiate course, and who are, for good reasons, debarred from the prospect of such a course, are enabled to pursue literary and scientific studies under the direction of the professors in the Hopkins Academy, immediately associated with the Seminary. These preparatory studies will vary with the requirements of each student.

CALENDAR. — The year consists of but one term, and begins with the first of September and ends with the middle of May. There will be a recess during the Christmas holidays. Students should begin promptly with the term.

TERMS OF ADMISSION. — Credible evidence of piety, membership in some evangelical church, a collegiate education, or such other literary and scientific attainments as promise a fair degree of usefulness, will entitle all young men to the advantages of this Seminary. The benefits of the institution are accorded alike to students of all denominations of Christians.

EXPENSES. — There will be no charge for tuition, rent of rooms, or use of furniture. The trustees will, as far as practicable, furnish text-books free to those who are in need, themselves being the judges of the necessity. Those who desire it can board on the premises at the rate of \$3.00 per week. Fifty cents additional will be charged for washing.

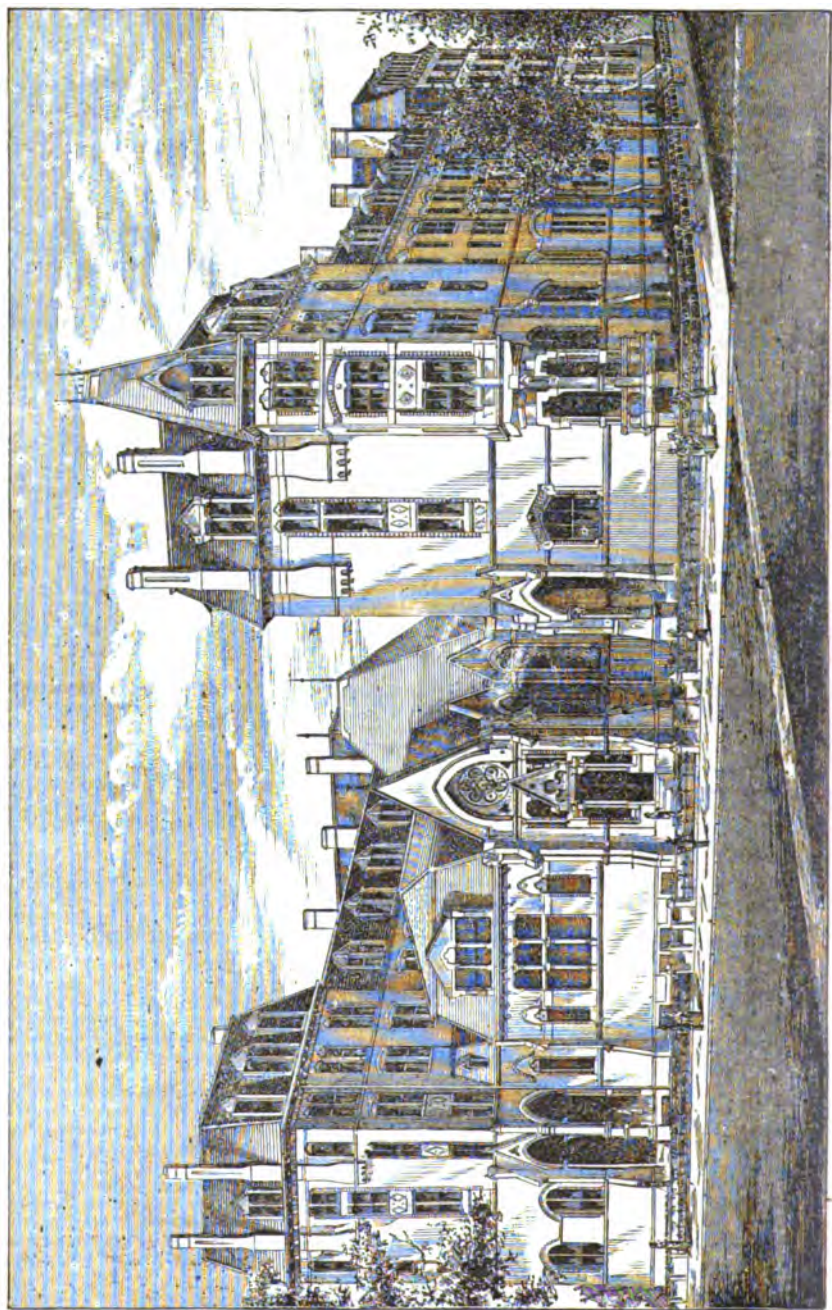

PECUNIARY AID. — The American Education Society will render aid to the pupils of this Seminary who are needy, who are college graduates, and who take the full course of three years. The amount bestowed will be, when possible, \$100 a year to each beneficiary. Seven paying scholarships yield an average of about \$130 each per year to nine beneficiaries.

An endeavor is continually made to provide for all the wants of every young man who wishes to take the full course of study, and every such person is urged to come to the Seminary, whether he has any means of his own or not. It is believed that the necessary expenses of a Theological School are less here than anywhere else in the Union.

No happier situation is known than the one occupied by this Seminary. The climate is unequalled for stimulating qualities, for mildness, and for general fineness. It is favorable to study every month in the year. It is a cure for many forms of invalidism. The scenery about the site is not inferior to that of the far-famed Bay of Naples itself. Both the beauties and the grandeur of nature are within reach; and, to some extent, those of man, also.

RELATION TO THE UNIVERSITY.—The Divinity School is one of the Departments of Yale University. Its members receive from the Corporation, on completing their three-years' course of study, the degree of S. D. They have access to the public collections of the University, such as the Library, the Peabody Museum, and the collection of paintings and statuary in the School of the Fine Arts. They are permitted to attend free of expense, so far as will not conflict with their professional studies, the lectures and recitations in the College and the Sheffield Scientific School, and, if expecting to become foreign missionaries, those of the Medical Department.

COURSE OF STUDY.—The first year is devoted chiefly to Hebrew and the Exegesis of the Greek New Testament; the second year to Systematic Theology, Church History, Old Testament Biblical Theology, and Church Polity; the third year to Sacred Rhetoric, the History of Christian Doctrine, and New Testament Biblical Theology. Additional lectures on Preaching and other important subjects are delivered before all the classes by eminent ministers and scholars in this country and Europe. There are also optional classes conducted by the Professors in New Testament Introduction, German, Syriac, and Chaldee. Once a week there is a Rhetorical Exercise for all the classes. Instruction in Vocal Culture and Elocution, and also in Sacred Music if desired, is continued through the entire course.

GRADUATE OR FOURTH-YEAR CLASS.—Students who have completed a three-years' course of theological study, here or elsewhere, are admitted to the Graduate Class, established nine years since, in which advanced studies in Theology are pursued under the direction of the Professors.

THE LIBRARIES of the University, to which the students have access, including the Reference Library of the Divinity School, contain about 180,000 volumes.

THE HOOKER FELLOWSHIP, for the encouragement of further theological study in this country or abroad, the annual income of which is \$500 for two years after graduation, is offered to the class entering in September, 1890.

EXPENSES.—There is no charge for instruction, use of libraries, or room rent. The rooms, which will accommodate one hundred and fifty students, are designed in general for only one occupant. Each room has a bedroom attached, and is carpeted and furnished with all needful furniture except bedclothing. The chief expenses for the session are for board, \$3.25 to \$4.00 a week; fuel and light, \$25 to \$30; and \$10 a year for care of room and incidental expenses.

SCHOLARSHIP FUNDS AND OTHER AIDS.—Students whose circumstances require it are aided to the amount of \$100 a year, from the income of scholarship funds. Additional aid to the amount of \$75 is afforded by the American Education Society to its beneficiaries.

COMMENCEMENT OF THE TERM.—The next annual term of study will begin on Thursday, Sept. 25, 1890, and continue till the third Wednesday in May (anniversary), when the vacation of four months, in which the students have the opportunity to engage in some form of remunerative labor, will commence.

APPLICATION FOR ADMISSION.—The Seminary is open on equal terms to students of all Christian denominations. Applications for admission, or for the annual Catalogue containing further information, may be made to the Dean of the Faculty, Prof. GEORGE E. DAY, New Haven, Conn., or to any of the other Professors.

c These special students at Chicago are ranked, 29 with the Senior, 40 with the Middle, and 50 with the Junior classes; 6 in the German, 16 in the Dano-Norwegian, and 33 in the Swedish departments.

d At Oberlin, 11 of the special students are in the Slavic department, 6 are Seniors and 29 are Juniors in an English course, and 11 are not classified.

NOTE.—If the Advanced or Graduate classes were included among the students as well as the undergraduates, the totals would be increased to 578.

COLLEGE EDUCATION OF THE UNDERGRADUATE STUDENTS.

In this table, a number in parenthesis denotes that that number, although once connected with the college mentioned, did not complete the course. The figures not in parenthesis denote graduates of the college mentioned.

THE ANNUAL STATISTICS OF THE CHURCHES AND MINISTERS.

THE following pages contain the statistics as collected in 1890 by the statistical secretaries of the several State organizations, and compiled for this publication by the secretary of the National Council, under vote of the publishing committee. They are all of date 1 Jan., 1890, except that ministerial supply is, as far as possible, brought down to date.

The secretary, as heretofore, in no case presumes to insert or omit the name of church or minister on any authority but that of the State secretaries representing their own organizations, or of councils subsequent to the date of annual reports.

The contents of the statistics are as follows:—

1. The statistics of the churches and their ministers, by States.
2. List of Congregational ministers in foreign lands.
3. List of ministers of other denominations supplying Congregational churches.
4. The National, State, and local organizations of the churches, with officers, and dates of next sessions in 1889-90.
5. General summary tables for the year.
6. Tables of summaries. 1858-1889.
7. Remarks upon the statistics.
8. Alphabetical list of ministers, with P. O. address, and indexed to pages.
9. Alphabetical list of licentiates.

RULES OF COMPILATION.

1. To arrange in alphabetical order everything capable of it; except that the churches in any one town or city arranged, as they should be, under the name of that town or city, are placed according to age.

2. To make each State list to conform strictly to the *State boundaries*. Churches or ministers reported by the association of a State other than their own are, therefore, transferred to their proper places; and the summaries are correspondingly corrected.

3. To make *new tables* each year. "Last year's report" (if known to be such) is always omitted. But, while old reports are not to be inserted in the table, the aggregate of such last reports from churches failing to report, in the items of church and Sunday-school membership, are included in the summaries. Justice to the churches which do report requires this, as their real progress may be apparently diminished or reversed, by lack of the figures from their less faithful neighbors. The special attention of State secretaries is called to this point, as it has often been disregarded. The list of churches of this year is compared, name by name, with that of last year, and all variations are specifically mentioned with the State summary, so that each church can be traced from year to year.

4. To examine carefully all the tables, with a view to *correction or addition* by correspondence, especially to correct "pastoral supply" to the latest moment. Proof-sheets have been sent to secretaries and some home-missionary superintendents who could be reached in season. But no such changes have been allowed to affect the summaries.

5. The prime name in a table line is always supposed to be the name of the place, town or city, in which the church is located, as determined by the place of the meeting-house. This is also the name of its post-office, unless followed in line or margin by a name in heavy-faced type. In such cases the latter is the post-office, and this emphatic type, in line or margin, is used exclusively for names of post-offices. If this postal word is an adjective, it goes with the preceding name, *e. g.*, "Newton, West"; if itself a name, it supersedes the other, as "Newton, Auburn-

dale." Postal designations are not repeated on the second page, and special church names are sometimes given in the second line, for which there was not room in the first. In general, the two pages, being invariably opposite, are treated as one, and marginal references on the second page are made to foot-notes on the first, without repetition when they occur there.

MINOR EXPLANATIONS.

1. Any church given in brackets is one organized since the date of State report; not included in the summary, but inserted for information. A few churches temporarily not associated are inserted by their own wish.

2. Pastors installed or recognized by council are marked "p. c."; pastors duly called by their churches and recognized by some "definite act of the church," but not by council, are marked p.; others in service are not marked, but in tabular summaries are counted as "supplies." Blanks in the column of pastoral supply, meaning no regularly engaged minister, are left blank for the convenience of those who note pastoral changes.

3. The tables are not a postal guide to the addresses of ministers, and any person so using them runs the risk of error. The General Alphabetical List of Ministers gives their post-offices.

4. The two columns following the names of ministers in the tables of churches denote (1) the year of ordination, (2) the year when the minister was installed, or commenced service with that church.

5. A star (*) in the General Alphabetical List of Ministers denotes that the person designated is found in the original State alphabetical list, but is not reported to be a member of any association or conference of ministers or churches in the United States; or that he is found supplying some church, or did so last year and may be presumed to be *in transitu*, but is not in the State alphabetical list.

6. Licentiates are not reckoned as ministers. Churches supplied by such, or by ministers of other denominations, are reckoned as vacant; but the number of such churches is given in each State summary. No ministers of other denominations (if so known) are inserted in the General Alphabetical List. Some ministers belong to the two denominations at once.

7. The names of some Congregational ministers are missing; but it is solely because they are not reported by any organization of churches or ministers.

8. Under "Church Members," "Absent" are included in "Males," "Females," and "Total." Under the head of "Removed," "Died," "Letter," and "Discipline" are represented by the abbreviations.

9. Blanks in any column of figures are such as were so left in the State Minutes. They ought always to signify "no report," but some States do not follow the proper rule of inserting a cipher where "none" is meant, and the examiner must conjecture, in any given case, whether "none" or "no report" is intended. In our General Summaries, a blank invariably signifies "no report."

As to "Contributions" and "Home Expenditures," in the earlier years reported above, it will be seen that this table is more an exhibit of the number of churches reporting than of totals raised. Before the issue of 1857, one half of the churches did not report either item; many States did not have the item in their schedules. But the more recent reports, while far from complete, are full enough for some consistency and a basis of reasonable comparisons and deductions.

In this table, the "new" churches are occasionally such as were previously "dropped," or have not been previously reported. Under "Died" (Ministers), until 1873 no account was kept to distinguish between "acting pastors" and "without charge." The difference between "pastors" and "totals" includes these two classes. The fluctuations under "Benevolent Contributions" are greatly due to more or less full reports. See the annual number of churches reporting in table next above.

LIST OF CONGREGATIONAL MINISTERS IN THE UNITED STATES.

REPORTED BY THE SEVERAL STATE ORGANIZATIONS.

The following is a compilation of the alphabetical lists furnished by the State Associations and Conferences, corrected by correspondence with their secretaries to the latest possible date. The secretary of the Council in no case presumes to insert or omit a name upon his own responsibility. The State organizations (or later councils) are alone responsible; but the secretary has used his utmost endeavors to obtain a complete and correct list. If any names are omitted, it is because they are not reported by any organization in any State.

The figures refer to pages where the name will be found in the tables, in the Vital Statistics, in the service of the Benevolent Societies, of the Theological Seminaries, in the list of foreign missionaries. In some cases the page is left as in tables, when the post-office is changed since the tables were put to press.

Names starred (*) are of persons who, although mentioned (usually as supplying churches), are not reported as members of any organization of Congregational churches or ministers. A few names are also retained with a * of those who were in active service last year, and may be presumed to be *in transitu*. Such names are not continued a second year, without specific report.

Some post-office addresses are antiquated; but the best possible has been done.

Licentiates are not included in this list, but a list of licentiates follows this, and a list of ministers of other denominations.

Names of persons in last year's list, deceased since the issue of 1889, are retained, and are indexed to the pages of the "Vital Statistics" when found there.

Some errors will be found in first names, initials, and spelling. No pains have been spared to secure accuracy; but, effort failing, the compiler has not ventured to follow even his own convictions, against the unmistakable testimony of the reports.

Names differing only in a single letter and pronounced alike are treated as one name, but spelled according to report. Browne, Clarke, Curtiss, Griffith, etc., and names beginning with Mac. or Mc. are among this number. Names beginning with Mc. or St. are arranged as if the word was not abbreviated.

Letters for our missionaries will be addressed to the care of the society mentioned with the name, such societies (initials) being (as are all foreign addresses) in italics.

By vote of the last National Council (*Minutes*, page 26), the separate list of ministers without pastoral charge is omitted, and the usage of previous years is resumed. Such names, as they do not occur in the preceding tables, have no numeral page reference, and in place of it the year of ordination is given.

LIST OF LICENTIATES REPORTED.

THIS list contains the names of those apparently reported as under care, with references to the pages where any such are mentioned as supplying churches. It includes also some names starred (*), which denotes that these persons, while reported as supplying churches, are not reported to be approbated by, or under the care of, any Congregational organization.

Further. 1. This list does not agree with the number given in State Minutes, because all ordained since the lists were reported are here dropped. 2. The post-office addresses are often delusive, the place being that of temporary service only. 3. Names followed by State only are of persons approved in the State mentioned, no residence being reported. 4. The list is incomplete, because some States make no full report of licentiates. 5. The contracted name of a State in brackets means that the name was reported by that State, although the person resides elsewhere.
